"We look for property that will outperform the market."

With more than 15 years' extensive experience in property investment, Liz understands all facets of profitable property acquisition. Armed with local market know-how and advanced financial and investment skills, Liz is able to pinpoint areas and property types that are the most likely to achieve superior growth, because of underlying factors that can drive that growth.

This enables clients to get in ahead of other buyers and into properties that outperform the market. Liz's sophisticated research and analysis skills gained during her decade of senior level management experience deliver exceptional value to clients. Liz has developed advanced methods to identify and secure unique property opportunities, enabling Property Wizards to pick the gems out of the market.

"There's a real skill to negotiating the lowest purchase price."

Passionate about property and helping people from all walks of life realise their dreams, Trevor helps his clients develop strategies to achieve them. Having started his real estate career more than 20 years ago, Trevor has a wealth of property experience, encompassing buying, selling, leasing and investing in residential, commercial and industrial property. This experience, combined with his thorough knowledge and understanding of quality property investments in the Perth market, enables him to find and negotiate exceptional property deals.

Dedicated to tipping the scales in the buyer's favour, Trevor strives to find the property best aligned to his client's strategy and negotiate the lowest purchase price. Focused on first understanding his clients' goals and then making them happen, Trevor ensures it is not only a successful process, but an enjoyable one.
